#### APPENDIX F-296

### LOGISTICS REASSIGNMENT DATA FILE INQUIRY

#### 1. PURPOSE

To provide a listing of all Logistics Reassignment transactions received from the Military Service LIM, for FSC/NSN transfers.

### 2. ORIGIN

Prepared as a result of processing an inquiry, (DIC ZDF, appendix B-196).

## 3. FREQUENCY

Daily, as requested.

# 4. FORMAT

- a. Heading Line (Standard Identification).
- b. Subheading:
  - (1) ORC Output Routing Code of Requester.
  - (2) DIC Document Identifier Code of Inquiry Constant (DIC ZDF).
  - (3) NSN National Stock Number to be queried.
- (4) Reason for Inquiry Narrative explanation of reason for inquiry as indicated in DIC ZDF.
  - c. Data Organization:
    - (1) Sequenced by NSN.
    - (2) Number of lines per page: Variable.
    - (3) Spacing: Single.
    - (4) Page Break: On overflow or change of NSN.
  - d. Captions of Data Elements:
    - (1) COMMON DATA SECTION
- (a) GAINING RIC Routing Identifier Code of the Gaining Inventory Manager (GIM).
- (b) LOSING RIC Routing Identifier Code of the Losing Inventory Manager (LIM).

- (c) REVIEW PERIOD A 1 indicates the data was generated 120 days prior to ETD; a 2 indicates the data was generated 30 days prior to ETD.
- (d) SUBMISSION DATE Julian date that data was generated by the LIM.

### (2) SUPPLY MANAGEMENT SECTION

- (a) UNIT CUBE Size of the item as given by the vendor.
- (b) UNIT WEIGHT Weight as given by the vendor.
- (c) LAST BUY-DT Last Buy Date; Date of last purchase request initiation.
  - (d) LAST DMD-DT Last Demand Date; Date last demand was recorded.
  - (e) PROD LEADTIME Production Leadtime.
  - (f) WSEC Weapon System Essentiality Code.
  - (g) NSPC Normal Source of Procurement Code.
- (h) RQMT CONTR Requirements Contract (RC) Indicator; specifies whether an RC exists at the LIM  $(Y=yes,\ N=no)$ .
- (i) CONTRACT ENDG-DT Contract Ending Date; Date that current Requirements Contract will end (YYDDD).
- (j) CONTRACT EXT-OPTN A code of 0 indicates that contract cannot be extended beyond current end date, a code of 1, 2, 3, etc., indicates the number of years for which optional extension clauses exist.
- (k) SERVICE REORDER POINT QUANTITY The quantity received from the LIM's Military Service Branch to support the ROP Quantity.
- (1) TOTAL OH-ASSETS The total quantity of assets on-hand at all locations.
- (m) TOTAL DI-ASSETS The total quantity of assets due-in at all locations.
- (n) TOTAL OH/DI-ASSETS The total quantity of assets on-hand and due-in at all locations.

## (3) BACKORDER/DEMAND SECTION

- (a) OWRMRP-QTY Quantity of Other War Reserve Materiel Protectable.
  - (b) BACKORD-QTY Total quantity of existing backorders.
- (c) BACKORD-LINES Total number of requisitions currently on backorder.
- (d)  ${\tt TOT-DMD-QTY}$  Sum of the recurring and nonrecurring demands for the previous four quarters.

- (e) TOT-DMD-FRQY Sum of the frequency of the recurring and nonrecurring demands for the previous four quarters.
  - (f) The following data elements appear in Quarters 1-4.
- $\underline{\textbf{1}}$ . RECURRING QTY Total quantity of recurring demand for the quarter.
- $\underline{2}_{\text{.}}$  RECURRING FRQY Total frequency of recurring demand for the quarter.
- $\underline{\underline{\mathsf{3}}}$ . NONRECURRING QTY Total quantity of nonrecurring demand for the quarter.
- $\underline{\mathtt{4}}$  . NONRECURRING FRQY Total frequency of nonrecurring demand for the quarter.

## (4) TECHNICAL/QUALITY SECTION

- (a) END-ITEM NSN/NAME The NSN, name, type or model number for the End-Item application, for multiple applications, will contain data for the most critical or the word VARIOUS.
- (b) CRIT APPL A code of Y indicates a Critical Application Indicator Code as defined in DLAR 3200.1; otherwise, will contain N.
- (c) PLACE INSP A code of 1 indicates Source Inspection, a 2 indicates Destination Inspection, and a blank indicates that place of inspection has not been determined.
- (d) TYP INSP A code of 1 indicates Contractor Inspection, a 2 indicates Standard Source Inspection, a 3 indicates inspection IAW MIL-I- 45208, a 4 indicates inspection IAW MIL-Q-9858, and a blank indicates type of inspection has not been indicated or established.
- (e) FIRST ARTICLE A code of Y indicates that First Article Testing is required, N indicates First Article Testing is not required, and a blank indicates that First Article Testing requirements have not been indicated or determined.
- (f) SM&R CD Source, Maintenance and Recoverability Code assigned IAW DLAR 4100.6.
- (g) PKG DATA IND A code of Y indicates availability of Preservation, Packaging, Packing and Marking data, N indicates that specific requirements have not been developed/specified.
- (h) QDR HIST-IND A code of Y indicates that reports on Contractor performance are on file at the LIM, N indicates that no reports are available.
- (i) PID IND A code of Y indicates that Purchase Item Description Data is included, N indicates that PID data was not available.
- (j) TECH/DATA IND A Technical Data Package (TDP) Indicator which states (Y-yes or N-no) whether a TDP is required from the LIM.

### (5) ON-HAND ASSET BALANCE SECTION

These data elements appear in three sets of columns across the page.  $\ \ \,$ 

- (a) RIC Routing Identifier Code of Storage Location.
- (b) O/P CD Ownership Purpose Code of Assets.
- (c) COND CD Condition Code of Assets.

### (6) DUE-IN ASSETS SECTION

These elements appear in three sets of columns across the page.

- (a) RIC Routing Identifier Code of Storage Location.
- (b) DII A Type Due-In Code of 1 indicates Purchase Request, a 2 indicates Contract, and a 3 indicates Due-In Other.
- (c) DUE-IN DATE Date that materiel is due to be received at the Storage Location.
  - (d) DUE-IN ASSETS The quantity of materiel due to be received.

## (7) PURCHASE ITEM DESCRIPTION SECTION

PURCHASE-TEXT - Purchase Item Description Data.

- (a) DESCRIPTION LINE #1
- (b) DESCRIPTION LINE #2
- (c) DESCRIPTION LINE #3
- (d) DESCRIPTION LINE #4
- (e) DESCRIPTION LINE #5
- (f) DESCRIPTION LINE #6
- (q) DESCRIPTION LINE #7

## 5. DISTRIBUTION AND RETENTION

Two copies to LR Monitor (ORC 093), DSO, LPD, retain until all necessary actions are completed.

#### 6. PROCEDURES FOR REVIEW AND PROCESSING

LR Monitor (ORC 093) will review listings, and make corrections/take necessary actions as required, in accordance with chapter 8, appendices E-012P, E-220 P, and E-220 V.

| CCHMDN D               |                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                |                    |                      |                  |               |            |                     |             |                      |                       |                      |                           |       |
